

Does CTRA offer insurance for its members?

Professional Liability insurance is a relatively new area for Recreation Therapists. CTRA does not have an insurance broker that we recommend for insurance purposes. However, our Provincial Partner, Therapeutic Recreation Ontario did investigate this for their members. Included on their website is relevant information from their web page, [www. trontario.org](http://www.trontario.org). Or, go to www.encon.ca and look for a document entitled “Why Professional Liability Insurance.” This communication is not an endorsement of product, just information for consideration. The contact broker listed would be very pleased to answer your questions regarding professional liability insurance.
